Social Capital and Social Cohesion in Post-Soviet Russia

Judyth L. Twigg Kate Schecter

Social Capital and Social Cohesion in Post-Soviet Russia: Networks, Institutions, and State Capacity is the result of a diverse group of 16 papers examining the role of social capital in post-Soviet Russia. Social cohesion provides a framework for understanding the process of democratization and social change in post-Soviet Russia. Judyth L. Twigg is the co-editor and co-author of Social Capital and Social Cohesion in Post-Soviet Russia. In the preface, she discusses the motivation for this book and the need for a broader definition of social capital that goes beyond the traditional economic concept. She emphasizes the importance of social capital in understanding the social fabric of post-Soviet Russia and its role in the process of democratization and social change.

The book includes contributions from a diverse group of scholars, including economists, sociologists, and political scientists. They provide a comprehensive analysis of the role of social capital in post-Soviet Russia, addressing issues such as networks, institutions, and state capacity. The book concludes with a collection of papers that explore the impact of social capital on economic development, social policy, and political change in post-Soviet Russia.

The book is a valuable resource for scholars and policymakers interested in understanding the role of social capital in post-Soviet Russia. It provides a comprehensive analysis of the challenges and opportunities associated with democratization and social change in post-Soviet Russia, and it offers insights into the role of social capital in these processes.

Social Capital and Social Cohesion in Post-Soviet Russia: Networks, Institutions, and State Capacity is available online and in print, providing a comprehensive analysis of the role of social capital in post-Soviet Russia. It is a valuable resource for scholars and policymakers interested in understanding the role of social capital in the process of democratization and social change in post-Soviet Russia.
