The little white metal bombs were filled with magnesium powder. The Little Blitz petered out in the spring of 1944 and raids became sporadic.

The Last Blitz – Hitler's 1944 Bomber Campaign Against London

While the English press dubbed the raids the "Baby Blitz", the Germans referred to it as the "Little Blitz" due to the much smaller scale of operations compared to The Blitz, the Luftwaffe's campaign against the United Kingdom. The little blitz plate could become a war brides trophy.

The last Blitz - Kentville Museum
